CLUBMAN ELECTRONIC LOCKERS

Vlocker electronic locker systems are operating in major theme and water park installations around the world as well as a diverse range of other sites such as casinos, aquatic and sporting centres, hotels and business places. They operate day after day under constant heavy use with a minimum requirement for maintenance and servicing. They will last for many years providing substantial profits and excellent return on investment.

Customers appreciate the ease of use of Vlocker systems and the peace of mind in knowing their possessions are stored safely.

Vlocker electronic lockers require minimal supervision and assistance and allow staff to engage in other customer service activities.
